

Local transportation to the March for Life Rally location

You will be responsible for getting yourselves there from the Basilica down to the March for Life Rally location on the Washington Mall.

Options available are: ride-share (Uber, Lyft), taxi, Metro Rail. The easiest is Metro Rail. The closest Metro station to the Basilica is **Brookland-CUA Red Line** on the eastern edge of Catholic University of America. It is about a 10-minute walk to the metro station from the front entrance of the basilica.

You can purchase Metro fare cards at the metro station from the vending machines. Expect lines to purchase cards if you choose to do this.

You can also use the Mobile app, SmarTrip. However, each person will have to have their own device with the app installed and with the virtual fare card on it, purchased in advance. The app is free. You can purchase a virtual fare card in the app.

For information about riding the Metro, visit the Washington Metropolitan Area Transit Authority (WMATA) web site at this URL: <https://www.wmata.com/>

For fare information, visit <https://www.wmata.com/fares/index.cfm>

Each fare card costs \$2 administration fee, plus the fare amount you will put on that card. If you have a fare card from last year, remember to bring it, as you may use that again and add additional fare to the card.

The fare is deducted from the card as you use it. The fare from Brookland-CUA Metro Station down to the Washington Mall is about \$3.

The app will allow you to swipe your phone at the turnstile using Google Pay or Apply Pay. For information about this, see the Washington Metro web site at <https://www.wmata.com/fares/MobilePay/index.cfm>

For any questions about the Metro, please contact WMATA. Their contact information is on their web site at the URLs above.
